**CHEMISTS, &c.**  
**DAKIN'S PURE VOLATILE EUCALYPTUS OIL.**  
DISTILLED FROM THE LEAVES OF SELECTED SPECIES OF EUCALYPTUS.

Eucalyptus Oil is long taken a foremost place as a "household remedy" in Australia. When applied externally it has a powerful stimulant and soothing action but does not blister the most sensitive skin and no application known will so quickly subdue the pain of muscular rheumatism.

Taken internally in small doses, it acts as a powerful stimulant and antiseptic, whilst its secondary action induces sleep.  
The penetrating agreeable vapour of the Oil is sedative, and when inhaled relieves Asthma, Bronchitis, Catarrh and Sore Throat, and will either mitigate or entirely stop an attack of influenza in its initial stage.

It is also a most powerful antiseptic and germicide, being three times as effective as Carbolic Acid in preventing development of Bacteria, its uses in this direction being very numerous.

The solvent properties of the Oil depend upon its being pure Eucalyptus, and we guarantee this Oil prepared specially for us to contain the largest obtainable percentage of Eucalyptus Oil of commerce.

Dakin's specially refined Oil is sold in 2 oz. & 4 oz. bottles at 2s. and 4s. respectively.

## WOODYEAR'S MAMMOTH CIRCUS.

**A SERIOUS WORD.**  
THE PROPRIETORS of this CIRCUS thank the public for the kind attendance on Saturday night. Our Mammoth Tent was crowded and the audience was enthusiastic in the applause given to each and all of our artists. Our show is a success. A BIG SUCCESS, and we shall try and deserve the patronage we receive.

**BEWARE OF SLANDERERS.**  
Our show has been in the East for years; we have lived and have spent our money liberally in the cities where we have carried our living.  
In all this time we have never found it necessary to make elaborate attacks upon rivals in our business. We don't believe in blackguarding others.  
"LIVE AND LET LIVE" is our motto. Besides, our show speaks for itself. A really strong Circus has no need to run down others. It is really and truly good it will draw the public upon its merits. Our show is really good, hence we draw the public. We do not claim to be the Bureau for the East. Bureau in his early days was a great humbug yet with considerable merit; most of his imitators are all humbug and no merit.  
There is no humbug in our show. IT IS ALL GOOD.  
We don't use the name of Bureau or Chiriac or other showmen to draw the public to our tents. We stand on our own merits and don't shine by the light of other people. In the Circus business talent and not numbers count. Thirty good performers can give a better show than many "experts" and a lot of CATTLE DRIVERS with high hair in lieu of talent. The real strength of a Company soon becomes known to the public, who will not accept barren advertisements in place of ability.

**COME AND SEE US AND JUDGE FOR YOURSELVES.**  
We fear no honest rival and Slandrous ones we despise.  
N.B.—Our artists, who have received large offers to leave us, respectfully decline. They prefer to stay with a company WHERE THEY ARE SURE OF THEIR SALARIES.

"THE REPORT OF THE MANAGING COMMITTEE.  
The committee would report that in accordance with the vote of the Society at its meeting of the 10th inst., they have caused the chapel here to be taken down and a new building erected which provides four additional large wards.

The new building is well lighted and ventilated and makes a very desirable addition to the accommodation of the hospital. The building is very superior and plain. The cost was \$1943.34 less than estimated and \$41.74 above the amount allowed. This the committee recommend that the Society appropriate as the additional expense.

The existing buildings are in good condition and only ordinary repairs will be required during the coming year. When the new building shall

work was completed the committee advised that it and the other buildings not yet started would be completed by the end of 1936. This was done and the cost of the new amounts to \$103. The committee asked this action be approved. The failure of Messrs. Kiser and the other members of the Society to contribute the amount of \$1000, without available funds and at a time when the new building was in process of erection. After much consultation as to ways and means of raising the money, the committee decided to ask for aid. A very generous response was given from the members of the Society and the total personal apportion of Dr. Kiser by both the for foreign and native communities. Lists of the subscribers to this special fund are appended to the report of the Secretary, to the Society, and the dues for this timely assistance.

The subjoined list of estimates for the current year is submitted for approval:

For current expenses of the hospital	\$1,000
For foreign medicines and supplies	1,000
For foreign salaries and wages	1,000
For cutting blood and printing	1,000

**THE PHAHNG RISING.**

The Straits Times says:—A correspondent writing privately under date of Treas. 8th July 1905, gives some additional and confirmatory information in respect to the *Orang Kacau* forces and tactics and the position of the *Orang Kacau* that party about Beating. This correspondence reached Kuala, after a seventy-two mile walk, on the 28th December, leaving on the 30th after fringing said Mr. Murray should have done so. The *Orang Kacau* and the *Orang Kacau* correspondent received news of which writes:—

I got certain information here (Treas) that the *Orang Kacau* had staked out Beating, but determined to push through alone with my next tomorrow—2 miles. I was unarmed, my boy, was followed, carried my fowling gun and a small bag of provisions, and walked 20 miles from my house at Beating, without a

opposition made my mind quite easy the road was no further trouble. I was strongly advised by my boys to go on, and I had no doubt that I would find a way out within 400 furlongs of loss, where there are still hills for the camp, when on my left not ten yards away, bang went a shot at me. I turned round and spoke in Malay for a moment, and then I saw a flash of light. The other was fired at my boy. The shooters then gave a kind of warwhoop and ran as if I though, (and still think probable) to ent me off from the river. I was not a little surprised to know how many more of them there might be. I called to my boy to follow me and saw that he rode so as to get under cover of Syren's grass. I was not a little surprised to find that a hundred yards along, the bridge across a river was gone, so I had a drop of about eight feet, the river, and a perpendicular bank of the river, the river, which was a good deal higher than the river, and a long river, where I saw Syren fifty fathoms covering me with their gun. I too then take it easy, so waded the river, waded

gone through—55 rifles under Dehan. I have had to see to the transport, and have with a party of Malays to put up a fortified post in the jungle between this and Benteng. A lively job. But Edwards with a party of Sikhs and thirty useless Malay police will meet after the first day, or soon as I have put places for them to sleep in. Since I have been here (from the lat) I have never left M. except for once a few hours and have been with
